Technical drawings of seven sofa models, each with its width dimension and the text "SLIDE OPTIONAL":

- Model 1: Width 325, three seat sections, each 91 wide.
- Model 2: Width 289, three seat sections, each 79 wide.
- Model 3: Width 259, three seat sections, each 69 wide.
- Model 4: Width 238, three seat sections, each 62 wide.
- Model 5: Width 234, two seat sections, each 91 wide.
- Model 6: Width 210, two seat sections, each 79 wide.
- Model 7: Width 190, two seat sections, each 69 wide.
- Model 8: Width 176, two seat sections, each 62 wide.
- Model 9: Width 107, single seat section, 55 wide.

The diagram illustrates 12 different ways to partition a 1000-unit length into three segments, each with a 'SLIDE OPTIONAL' label. The segments are represented by colored blocks (yellow, green, blue) and their widths are indicated by dashed lines and numbers below them.

- 299:** Three segments of width 91 each. (91 + 91 + 91 = 299)
- 263:** Three segments of width 79 each. (79 + 79 + 79 = 263)
- 233:** Three segments of width 69 each. (69 + 69 + 69 = 233)
- 212:** Three segments of width 62 each. (62 + 62 + 62 = 212)
- 208:** Two segments of width 91 each, and one segment of width 26. (91 + 91 + 26 = 208)
- 184:** Two segments of width 79 each, and one segment of width 26. (79 + 79 + 26 = 184)
- 164:** Two segments of width 69 each, and one segment of width 26. (69 + 69 + 26 = 164)
- 150:** Two segments of width 62 each, and one segment of width 26. (62 + 62 + 26 = 150)
- 117:** One segment of width 91, and two segments of width 13 each. (91 + 13 + 13 = 117)
- 105:** One segment of width 79, and two segments of width 13 each. (79 + 13 + 13 = 105)
- 95:** One segment of width 69, and two segments of width 13 each. (69 + 13 + 13 = 95)
- 88:** One segment of width 62, and two segments of width 13 each. (62 + 13 + 13 = 88)

Two rectangles are shown. The first rectangle has a height of 79 and a width of 91. The second rectangle has a height of 62 and a width of 85. Both rectangles are labeled 'H. 45 cm' at the top.
